Maintenance

WordPress, Theme & Plugin Updates

WordPress Maintenance Services begin with updates. We update all WP core files, theme and plugins yearly. Our process involves full manual inspection of your site to ensure no errors.

Premium Technical Support

We provide immediate inspection and maintenance service when the customer's web page suddenly becomes failed to access

Real Eyes On Your Website

From day one, your site is assigned an expert WordPress team member to get to know your site and review it regularly.

Maintenance

Ongoing Hack Prevention

Our network and server systems are as tight as they come. We stop hack attempts before they even reach your website.

Image & Code Compression

We have automated and manual processes for compressing your images and files to ensure your site is as fast as possible.

Malware Cleaning & Removal

We constantly scan your site and if we find malware, we'll clean it, remove it and get your site back on track.

Maintenance

6 Times Website Content Update

We provide up to 6 times of content update for our client when their requested.

Thank you for choosing us!

Thank you for being our valued customer. We are so grateful for the pleasure of serving you and hope we met your expectations.
